

2019 Japan Tour (10/09 – 10/14)

Sean Yamato, X HANDPIECE SYSTEMS, INC. , his wife, Mary-Ann, his 2 sons, Mateo and Kai, were invited on 2019 Japan Tour, our customer appreciation program.

During the tour, we spent good time together. We saw a lot, ate a lot, laughed a lot together, even encountered one of the worst hurricane in history, one day.

Nakamura Dental Handpiece Mfg. Co., Ltd., along with Head Dental Corporation, hopes that they enjoyed their stay in Japan and thanks them for participating in the tour.

For all day long, we had to stay in the room of our hotel, due to one of the worst hurricanes in history. The entire city of Tokyo was shut down on the day. There were a lot of casualties nationwide.

October 13

@ Asakusa

I love rice crackers!!

**@ Tsukiji
Fish Market**

There are many kinds of yummy food, not only something from the sea, but ice-cream, too, .

Last dinner in Japan @ The Uo restaurant
You catch fish and have it cooked on the spot.

October 14

@ Halloween decoration in the lobby of our hotel we stayed

It is the final shot in Japan, as a memory of our trip.

Post-Trip Comment

Hi Charlie,

It's been a few weeks since our trip to Tokyo with you...my family and I still can't stop talking about it. From the baseball game to the various parts of Tokyo, from Asakusa to Tsukiji fish market...all the food and the many laughs we shared...what an amazing time! After all these years of knowing you on a professional level, it's great to now call you my good friend!

Also many thanks to Mr. Nakamura for the tour of the factory. It is a very impressive operation and it gave me a unique perspective on the whole process. Hopefully someday soon, we can all have that dinner that was interrupted by the typhoon!

Charlie, you really made our Tokyo trip something we will never forget...thank you so much!
